Privacy: you're not going to play like an animal (bird, animal or whale), which moves quickly across the playing field that looks like a platform. The task is to complete levels without crashing into platforms while avoiding predatory predators traps represented by spikes. The danger can be evaded by going up or down. You can climb to grow a cube tail, as in the snake game. When faced with an obstacle or trap, the Cubes are eliminated and therefore the player's character is going down. New animals open up over the course of the game. There is an overall rating. Stack your eggs to pass obstacles, but watch out for monsters and spikes.
